OBJECTIVE

Final-year B.Sc. Computer Science student seeking an entry-level position in a reputed organization to apply programming, front-end development, and problem-solving skills while gaining hands-on industry experience and contributing to innovative and efficient software solutions.

EXPERIENCE

- 04/2025 - 05/2025
- **Web development Intern**
Codebind Technologies
Developed a responsive and visually appealing restaurant website using HTML and CSS. The website includes key sections such as a homepage, menu showcase, contact information, and navigation bar. Styled using CSS to enhance user experience and layout aesthetics. This project demonstrates my ability to build structured web pages and design user-friendly interfaces suitable for food businesses

EDUCATION

- 2023 - present
- **Guru Nanak College**
B.sc. Computer Science
85%
- 2022 - 2023
- **St. Marys Higher Secondary School**
12th

SKILLS

- Languages - Python, Java.
- Web Technologies - HTML, CSS, Javascript.
- Professional Skills - Leadership, team coordination, Problem solving , Analytical Thinking
- Frameworks: Flutter, Flask

PROJECTS

- **MIMI – Voice-Based E-Commerce Website for Visually Challenged**
Developed an accessible e-commerce web application using Python (Flask backend) and SQLite database to support visually challenged users. Implemented voice assistance using Text-to-Speech for product navigation, system messages, and order confirmation.
Designed modules for user authentication, product management, cart, and order processing, ensuring secure data storage and improved digital accessibility.
